SIS LED & LIGHTS

An ambition to embrace the future with lighting technology

Light is the ray of life with the potency of inspiring and fostering human civilizations through the passage of time. Light is the basic necessity of our life for maintaining social health and well-being, safe and secure community, productivity and growth of the business and adding colors in our life.

With the vision of elevating our nation and easing life of people around, we bring you a wide portfolio of the finest and most efficient LED lights that let you design innovative yet productive indoor and outdoor spaces.

Why choose Pride?

Our lighting luminaries are versatile and cover up your need for every lighting project.

Quality Assurance

All our LED Fixtures are ISO 9000:2001 and BIS certified. Our laboratory and product testing mechanism ensure that every luminary serves you maximum warranty period and quality based lighting output.

Modern Trends & Innovation

We constantly update our portfolio to meet trending consumer demand. We connect you to modern lighting technology paving your way to the limitless possibilities on your every space design.

Service Management

Our strength is based on integrity, prompt deliveries, quality assurance and continued after sales service support.

Switching you to the Brighter Side of Life.
